# \* About Us \*

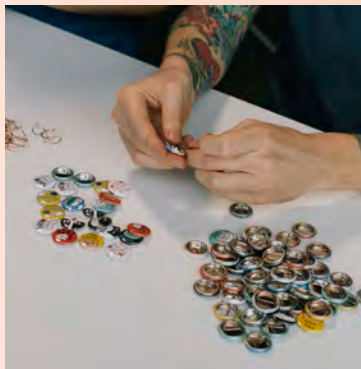

## We bought our first button machine in 2000.

Back then, it was all elbow grease & orders from our friends' bands. Since 2008, we've been working with our favorite artists to make fun goods for people to enjoy, to gift, and to personalize their lives with.

**We've pressed millions of button badges for people all over the world** and keep adding more products to our collection, including 137 new designs just this year - everything from buttons & magnets, to pins, patches, puzzles, coasters & more!

**Our buttons are recycled!** Our buttons & magnets are made with recycled USA steel and 100% recycled paper.

**We're continuing to manufacture products we love** while reducing our impact on the environment, **partnering with organizations** that are doing good things, and **giving back** to our communities.

We couldn't do it without the **world-class talents** of our artist friends, the best sales reps in the biz, our dedicated factory crew, and - of course - you, our fantastic retailers. **We hope you love our goods!**

**Custom logo buttons** for Mojave Desert Land Trust, one of our nonprofit partners.

**Events with our talented artists.** Don't worry, we still bust out the old hand crank machines for illustration events with our artist partners. Here's Gemma + Lauren pressing custom pet portraits at a Pop N Press event at BPD in Amsterdam.

**Whether you want to host a live event, order custom buttons** of your logo, or share a photo of your favorite Badge Bomb design out in the world, **we want to hear from you.** Connect with us at [sales@badgebomb.com](mailto:sales@badgebomb.com) to make it happen.
